EDUCATION

B.Tech in Information Tech
Manipal Institute of Tech
2018 - 2022
CGPA: 8.74 / 10

CERTIFICATIONS

CKA Certified Kubernetes
AWS Solutions Architect

SUMMARY

Full Stack Engineer with 3+ years of experience architecting high-performance React web applications.

PROFESSIONAL EXPERIENCE

Senior Software Engineer | RazorPay Software | Bengaluru, India
July 2022 - Present

- Engineered high-concurrency payment checkout components with React, TypeScript, and Redux.
- Built scalable webhook processing engine in Python and FastAPI processing 5M+ daily events.
- Reduced bundle size by 40% using Next.js code splitting and Vite optimization.

Software Development Intern | HackerEarth | Bengaluru, India

January 2022 - June 2022

- Built automated code evaluation worker pipelines using Docker and Python.
- Designed developer profile assessment UI with React and Tailwind CSS.

KEY PROJECTS

OpenResume ATS | <https://openresume-ats.dev>

- Built open-source ATS system using Next.js, Tailwind CSS, FastAPI, and PostgreSQL.
- Implemented client-side resume builder and PDF renderer with 15,000+ monthly active users.

Distributed Task Queue | github.com/rohankapoor/task-queue

- Designed lightweight distributed job scheduler in Go and Redis with automatic retry and rate limiting.
